CCSS STUDENT EVALUATION BCA/BT SIMULATION TEST #1

Students will take their CCSS Student Evaluation Test and their first BCA/BT Simulation Test: the first opportunity to experience the timed testing environment and the scope of the BCA/BT entrance exam.

Students will take the simulation test during the April and June BCA/BT Test Events. However, if they are enrolled in Pre-High School Test Prep, they will take their exam as part of their course curriculum during Week 17.

This simulation test is designed to give students a first look into what they will be expected to learn and master throughout the BCA/BT Prep Program.

During this time, students will be given the opportunity to register for the BCA/BT Prep Program, allowing them to save their spot in the program.
